\$300,000

Description

James P. Senatore, Architect / Contractor provided architectural services for the Northwest Fire 11th Precinct Station located in Lady Lake Florida. The design included four truck bays, with ladder truck bay and living quarters. It also housed the EMS facilities. Senatore completed design and permitting on time with no fiscal overruns. The County declared this fire station the best in the County for being built on time and within budget.

Nature of Work

- Architectural Design Services
- Parking lot design
- Internal Office Layout
- Living quarters for EMS
